

Our Programme:

As you will see from the schedule, we have a varied programme. We entertain guest speakers on a wide range of topics, which enables our members to hear, see and ask questions of professionals and specialists.

We also offer practical “hands on” learning workshops and external field trips, where we visit places of interest. The field trips are most often held on a Sunday. However, members sometimes arrange trips on an informal basis, so some of these can be weekend trips out of town.

Communication:

Newsletter:

We produce a regular newsletter, which enables us to update members on what's happening: changes to our programme, newsworthy items (ie. exhibitions or special deals), competition results and any interclub activities.

Website:

We also have a website which may be viewed at www.huttcameraclub.org.nz

Our website contains the up to date programme, competition entry forms, galleries of images that have been submitted by members and that have been entered into national competitions etc. Email contact details of the committee can also be found on this site.

Come along and see us - there is no obligation and visitors are always welcome!

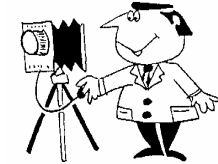

How to find our Club rooms!

**Hutt Camera Club meet at
“Hutt Valley Tramping Club”
Rooms, Birch Street Reserve,
Lower Hutt at 7:45pm.**

Hutt Camera Club

2007 Programme

***...encouraging learning
about photography...***

We are a small but extremely friendly club, comprising approximately 50 members, mostly enthusiastic recreational photographers. However, we also have a number of more experienced members who are more than happy to share their knowledge with others.

Our intention is to encourage learning about photography with the aim of individual satisfaction and improvement, irrespective of the camera you use.

We meet on the second and fourth Tuesday of each month at 7.45pm in the Hutt Valley Tramping Club Rooms. (See the back page.)

You are most welcome to visit two or three times before deciding whether to join.

For more information, contact:

**Andy Savill ph: 976-8451
Melissa White ph: 938-5598**

2007 Programme

Meetings are at the club rooms unless otherwise advised. The workshops that have been planned for this year include: Photo shoots with body builders, body art, belly dancers and children. Workshops are subject to change, please check the website.

- 22nd Geoff Marshall - Travel photos

More programme details can be found on our website.

www.huttcameraclub.org.nz

The closing date for competition entries is 10 days prior to the competition date

Competitions:

As part of our programme we take part in friendly interclub competitions with other Wellington clubs and in national interclub events.

We also run internal competitions, which are valuable in obtaining constructive feedback on your photographs and providing a basis for improvement. However, our competitions are not compulsory and we are happy for people to just come along, view the images and listen to the judge's comments.

Members will confirm that you can learn as much by listening to a critique of other peoples work, as you can of your own. Each competition has a set subject plus an open section in which images of any topic are accepted.

Internal Competitions for 2007 are:

- March 13th - 'Glass' and Open
- May 8th - 'Purple' and Open
- July 24th - 'Cold & Wet' and Open
- October 23rd - 'Four Seasons'
- November 27th - Portfolio Competitions

Interclub Competitions:

- August 14th - Wellington Interclub Battle - hosted by Wellington Photographic Society
- November 13th - Karori/Hutt Interclub Battle - hosted by Hutt Camera Club

Please Note:

This programme and advertised speakers may change without notice. Please check our website www.huttcameraclub.org.nz for confirmation
